

AMUSEMENTS.

THE "JAPS."—But four more performances remain for our city. This evening, at the Academy, a splendid bill is offered. All of the best troupes of the great Japanese troupe will be given. No one should fail to see these wonderful artists.

THE NEW HORTICULTURAL HALL.—This beautiful building, the description of which has appeared in the columns of this paper, is now ready to receive the roofing. Its lofty front and unique ornamentation will make it one of the handsomest and most striking structures on the street. The contrast of the light and dark stone body with the brown stone trimmings produces a very pretty effect. It will be one of the largest halls of the kind in the country.

THE SELLER OF VALUABLE OIL PAINTINGS LAST EVENING.—As was expected, the attendance at Mr. B. Scott's sale of fine oil paintings was very large, and the bidding was quite lively. As the finest specimens were put up, the rivalry was very exciting to get possession. The first piece, by J. W. Preyer, which is a companion picture to the one sold at the last sale for \$1000, brought \$1200. The bidding for it was very brisk and exciting. There were seventy-two other pictures disposed of. The following prices were brought for some of the finest of the collection:—

ARRESTED FOR STRALING MATERIAL.—Edward Hendry, a young man nineteen years of age, was arrested last evening at Twenty-third and Spring Garden streets, on suspicion of larceny. It is alleged that he stole a lot of rope, some brass and lead, and other articles, from a mill near Fairmount, and sold them to a junk shop in the neighborhood. The proprietor of the latter, suspecting the articles to be stolen, reported the matter to Mr. Harbo, who had Brannan arrested. He had a hearing before Alderman Hutchinson, and was held for a further hearing to answer the charge of suspicion of larceny.

STRALING BROOKS.—Yesterday afternoon a man by the name of Jefferson Ely was arrested at Delaware avenue and Vine street, on suspicion of larceny. When arrested he had with him a large quantity of goods, which he gave a good account of. Jefferson is said to be a bad character, and has been guilty of little and trifling crimes in other days. He had a hearing before Alderman Hutchinson, and was committed in default of bail to answer.

A LARGE HAUL OF LOUNGERS.—For some time past citizens in the neighborhood of Ellsworth and Leon streets have been seriously annoyed by the loitering of a large number of men who congregate around that corner. They insult passers-by, and frequently endanger them by the reckless throwing of stones and other missiles. Lieutenant Fuller made a raid around the party last evening and captured nine of them. They had a hearing before Alderman Hutchinson, and were committed in default of bail to answer. The authorities are determined to put a stop to these lawless gatherings.

SUSPECTED OF BURLARY.—About 2 o'clock this morning Officer McCullough found a colored man trying to get into houses in the neighborhood of Arch and Second streets, and was seen seeing him try several cellar doors, the officer arrested him and took him to the Station House. He gave the name of John Corbin, and was a large, dark man, with a beard upon him. He had a hearing before Alderman Hutchinson this morning, and was committed to answer the charge of burglary.

ASSAULTING AN OFFICER.—At a very early hour Officer Morgan attempted to arrest a man named James McClain, at Twenty-third and Hamilton streets, for setting in a very disorderly manner a large number of dogs in the streets. The strong arm of the law, McClain resisted, and made an assault upon the officer, but he finally gave up, and was committed to answer before Alderman Hutchinson, who held him in \$500 bail to answer the charge of assault and battery upon an officer.

THE BOARD FOR INSPECTING LEAGUE ISLAND.—The Board appointed by the President of the act of Congress approved February 18, 1887, to consider the propriety of accepting League Island and adjacent property and rights from the Government of Philadelphia, for naval purposes, will convene in this city, at the Continental Hotel, on next Tuesday morning, April 23, preparatory to their visit to the island. The Board is composed of Rear-Admiral Davis and others.

INTERESTING TO THE LADIES.—To-day will be quite an important one among the votaries of fashion. Wood and a new style of dress, consisting of a bodice, of the newest modes, from Paris. They have some extremely beautiful specimens of perfect laces of bonnets, that would raise the admiration of the ladies of some of our young ladies. As a general thing, the styles are very little different from those now in vogue, but of course better adapted to the season.

ROBBERY A RAILROAD DEPT.—Some time since a man and a woman were stolen from the depot of the North Pennsylvania Railroad Company, suspicion fell upon Patrick Sullivan, who had been at the place at the time the articles were missed, and he was arrested yesterday afternoon at Front and Willow streets. He had a hearing before Alderman Toland, and was committed in default of bail to answer the charge of suspicion of larceny.

INSULTING LADIES IN THE STREET.—A couple of young fellows, aged fifteen years each, were arrested yesterday afternoon, at Sixth and Chestnut streets, on the charge of grossly insulting ladies as they passed. The boys were taken in charge, and took them before Alderman Hutchinson, by which they were committed to answer the charge of insulting ladies.

THE RIGHTS OF COLORED PEOPLE.—Edmund F. Thompson, conductor on the Tenth and Eleventh streets cars, was before Recorder Eben yesterday. He refused to let Caroline H. LeGault, a colored woman, ride on the cars. He was held in \$300 bail to answer.

FIRED THE CITY.—The proprietor of the flour store at Franklin and Green streets, which was burned down in December last, has filed the bill in the court of the city, and it is suspected that the fire was the result of the negligence of the insurance companies and their creditors.

ARRESTED ON SUSPICION.—Yesterday a stranger was seen to enter one of the rooms in the Bingham House. He was arrested, and Alderman Jones committed him in default of \$500 bail. The man had on his person a watch and other articles.

THE SOUTHERN RELIEF FUND.—There was paid to the Treasurer of the Fund, Mr. A. C. Gordon, the sum of \$1500 since yesterday noon. This makes the total amount received more than \$15,000.

BEFORE COMMISSIONER PHILLIPS, to-day, High Waters was charged with aiding and abetting in the removal of illicit distilled spirits. He was held in \$200 bail to answer at Court.

MARKET HOUSES.—Two market houses are to be erected in Spring Garden street, between Seventh and Eighth.

A COMMITTEE.—A Committee has been appointed to investigate the management of the Pennsylvania Railroad.

THE WHARVES.—Almond street wharf and Cedar street wharf are to be thoroughly repaired.

A FORGED DRAFT.—George B. Miller was arrested at No. 715 Chestnut street this morning, charged with presenting a forged draft to Messrs. Fairbanks & Ewing, to pay to his order \$274. It was purported to be issued by Charles B. Willcox, the sewing-machine maker, in New York. Miller had a letter purporting to be from Mr. Willcox, the draft was very clumsily executed, and bore evident marks upon its face of its being a forgery. He was held for a further hearing next Saturday by Alderman Bennett.

THE NEW HORTICULTURAL HALL.—This beautiful building, the description of which has appeared in the columns of this paper, is now ready to receive the roofing. Its lofty front and unique ornamentation will make it one of the handsomest and most striking structures on the street. The contrast of the light and dark stone body with the brown stone trimmings produces a very pretty effect. It will be one of the largest halls of the kind in the country.

SEDDER DRAKE.—An old man fell dead in front of the Twentieth Ward Police Station. He was taken charge of by the police, and the Coroner was summoned to hold an inquest. The deceased was Mr. W. J. Criss, a man well known in the city. He was Prison Inspector for a time, and was formerly a member of the Legislature. He had just got out of a street car, and fell the pavement. He resided in Broad street, above Nicetown lane.

EMBEZZLEMENT CASE.—Alexander R. Johnson, charged with embezzling money belonging to J. R. Butler, No. 223 Church alley, was arrested this morning. He was charged with appropriating to his own use, the money which had been sold by him in Folsville on Butler's account. Held by Alderman Beidler for a further hearing.

HOCKER ROBBERY.—Mr. Marshall's residence, No. 220 N. Twentieth street, was entered and robbed of \$1000 in gold and silver, and other valuables obtained entrance by getting into a bedroom from a new building in the rear, and getting into the second-story window.

He is thoroughly familiar with the country and the mines of the Company, and assures us that within six months after his arrival and commencing work, he will be producing a ton of coarse metal per day, and he will make a good dividend before next January, if the Company will back him up with funds to work the mines and build furnaces, which we have no doubt will do so.

GRAY'S PATENT MOLDED COLLARS Are the foundation of the immense business now done in Paper Collars, and the present sale of them nearly equals that of all other makes combined. They have been made from uniform stock from the commencement, which now costs THIRTY-THREE per cent. more than that used in the production of any other Collar—consequently they cost the dealer more. Therefore, when consumers are urged to buy other makes at the same price as GRAY'S, it is because the inferior goods pay more profit.

Gray's Patent Moulded Collars, AND TAKE NO OTHERS. GRAY'S PATENT NOVELTY COLLARS, The original and only patented Spaced Collar—and the most popular one ever made—and the Collar which all manufacturers strive to equal. GRAY'S PATENT EREKA COLLAR, The only Stand-up Collar ever made and moulded so as to throw the upper edge away from the neck. GRAY'S PATENT LINEN-FACE COLLAR, In the favorite Novelty style (from imported stock made expressly for this Collar), and costing but a trifle more than the \$11-paper, will wear twice as long and in summer is not as easily affected by perspiration.
